

Double Wall - 48" Wide

ITEM NO: 07650

Open shelving is the most flexible and cost-effective filing option for businesses requiring frequent access to records. The durable, open-style shelving system allows for quick access to letter size or legal size files through optimum visibility and high density storage. When combined with Smead color coded numeric or alphabetic indexing systems, open shelving offers the most accessible and affordable system available.

Open shelving features an attractive smooth finish in five colors to match the decor of your office-Tan, Frost, Black, Designer Gray and Furniture White. Other colors are available by special order.
