

ColorBar® Labeling System

ITEM NO: 02350

ColorBar® gives you the power to produce labels with maximum ease and flexibility. Whether you print one label at a time, need label design capability, or require label printing at multiple locations, ColorBar® meets your labeling needs.

Smead ColorBar® Labeling Software requires the use of genuine ColorBar® labels.

CREATE LABELS

ColorBar® Composer - full-featured design software for creating vibrant, color coded labels using your PC. Create any size label design with custom color codes, symbols, text, bar codes and images. Automate label production by using data from virtually any database source.

PRINT LABELS

ColorBar Express® - easy-to-use software for printing color coded labels using your PC and color printer. Print color labels from virtually any data source. Works with unlimited ColorBar® label designs. Can be integrated with document management applications. ColorBar Express® is a cost-effective web-based multi-user service model that's ideal for on-demand labeling needs.

ColorBar® Print - easy-to-use software for printing color coded labels using your PC and color printer. Print color labels

Smead ColorBar® Composer 02350, Design Software for Printing Color-Coded End Tab and Top Tab Labels
