

KEEPING YOU ORGANIZED

AlphaZ® ACCS Color-Coded Alphabetic Labels - Sheets

ITEM NO: 67171

Put an end to misfiled records and cut filing and retrieval time with these color coded alphabetic labels that wrap around the folder tab (top tab or end tab) so they are readable from both sides of the folder. Thirteen colors in two print designs code all 26 letters and are compatible with other Alpha-Z label styles. First half of the alphabet has white letter and second half has white letter plus two white bars against colored background. Clear laminate keeps labels clean and colors bright, even with frequent handling. Use as a secondary label with NCC style name labels or as primary coding labels with computer generated name labels.

FEATURES:

- Colors match all Alpha-Z label systems
- Reusable pegboard display bag
- 10 labels per sheet, 10 sheets (100 labels) per bag
- Scored height direction to provide wrap-around color bar

Smead AlphaZ® ACCS Color-Coded Alphabetic Label 67171, A, Label Sheet, Red
