

Poly Classification Folders

ITEM NO: 14045

Made of super durable polypropylene, these heavy-duty folders resist tears and repel moisture. Fasteners on front and back panels and on dividers create multiple filing surfaces. Two dividers with tabs make for easy classification within the folder.

FEATURES OF FOLDER:

- Acid free; archival quality
- Waterproof and tear-resistant materials
- Folder tab 1/2" high, 2/5 cut, right of center
- 2" prong style fasteners in positions 1 & 3 (two per folder)

FEATURES OF DIVIDERS:

- Divider tab 1/2" high, 1/3 cut
- 1" twin-prong fasteners on both sides of divider(s)

Smead Poly Classification Folder 14045, Two Dividers, Letter, Blue
